Tribute Paid to Late Philippa Schuyler.

A proposed resolution (presented jointly by Aldermen Campbell, Harvey, Metcalfe, Holman and Frost) reading as follows:

WHEREAS, The death of Philippa Schuyler in a helicopter crash in the sea off South Viet Nam, on a mission of mercy bringing Vietnamese children from the war zone of Hue to a new school in Da Nang, to insure their safety, is a regrettable loss to this country; and

WHEREAS, Miss Schuyler was a child prodigy, a gifted pianist, composer and writer, and was the daughter of George S. Schuyler, the respected Negro editor of the Pittsburgh Courier, whose influence has always been exerted in favor of law and order as against appeals of extremism, and she shared his objectivity. Her reports from Viet Nam to the newspaper show deep conviction of the justice of her country's cause and unwavering support of American participation in the war against communist aggression. In these days of demonstrations, flag burnings, and tearing up of draft cards, when others rail against the war and proclaim the "duty" of Negro youth to refuse to serve its country, Miss Schuyler stood in welcome contrast. She kept the faith with her country and died in its service as any American fighting man; now, therefore,

Be It Resolved, That the members of the City Council make public acknowledgment of their sense of loss at the untimely passing of Philippa Schuyler.

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Marvin E. Aspen and Howard C. Coldman, Assistants Corporation Counsel and Sydney R. Drebin, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

City of Chicago, a Municipal Corporation, Plaintiff-Appellee, v. *Nicholas Franko, Defendant-Appellant.* Appeal from the Municipal Court of Chicago, First District of the Circuit Court of Cook County, Illinois. Illinois Appellate Court No. 51160.

On June 1, 1965 the Illinois Appellate Court filed an opinion in the above entitled cause affirming the judgment of the Circuit Court of Cook County. The Circuit Court had found the Defendant guilty of violating the building code of the City of Chicago for failure to deconvert to single family dwelling, to make stairways fire resistant, and increase exits; the defendant was fined $250.00. On appeal the defendant argued that he was a contract purchaser of the subject premises and that as such he was not liable to make the required repairs; he contended further that only the contract seller would be so liable. The Illinois Appellate Court held that the defendant contract purchaser was "the owner" of such premises under the definition of Section 39-a of the Municipal Code of Chicago, which provides that an owner is liable for violations of the building code; the Illinois Appellate Court stated that the defendant contract purchaser "had possession and control of the premises at the time of the filing of the complaint" by the City. The Court rejected the contention that since the contract purchaser does not hold title to the subject premises, he cannot be held liable for building code violations.

Mrs. William McCormick Blair, et al., v *Zoning Board of Appeals, City of Chicago, et al.* Case No. 51644.

On May 26, 1967, the Appellate Court of Illinois, First District reversed the judgment and remanded the cause to the Circuit Court with directions that "it remand the cause to the Zoning Board of Appeals with directions to make specific findings of fact as required by the statute;" the chronology of the case is that on May 11, 1965, Near North Management Company for the trustee, Guaranty Bank and Trust Company, filed an application for a variation from the zoning ordinance as applied to the property located at 1406-08 N. Astor Street, Chicago. The Zoning Board granted the variation. Under the provisions of the Administrative Review Act the above named plaintiffs brought the decision before the Circuit Court of Cook County for review. The Circuit Court affirmed the decision of the Zoning Board. The thrust of the opinion of the Appellate Court is that the Zoning Board of Appeals failed to make the specific findings of fact as required by statute, but merely repeated "the highly generalized language of the statute". The Appellate Court stated that it could not ascertain on what evidence, if any, the Board reached the conclusion to allow the variation.

The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The roling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire

surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

(Table 45. llp. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fehrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tendem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final roling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Court Decision.

Also a communication from the Law Department under date of June 6, 1967, signed by Allen Hartman, Head of General Counsel Division and Sydney R. Drebin, Head of Appeals and Review Division, advising that the Supreme Court of Illinois on May 18, 1967 rendered its opinion confirming the judgment of the Appellate Court, First District in a cause entitled *Cleo Andrews et al. Appellees, v. City of Chicago, et al. Appellants,* Illinois Supreme Court No. 40056.

The decision sanctions the action of the plaintiffs in joining as defendants the City of Chicago and City policemen for damages resulting from alleged wrongful acts of the policemen while acting in the course of their employment. The Appellate Court in its opinion of May 3, 1966 held that under the decision in a specified case a municipality is no longer immune from liability for the negligences of its agents and employees in the course of their employment. The Supreme Court stated that the Illinois Statute, Municipal Code Section 1-4-5 was designed simply to benefit policemen against whom judgments may be rendered, preventing them from being restrained in performing their duties by fear that they might be called upon to pay substantial judgments; that the statute expresses no limitation that the liability of the City provided for therein is to be exclusive; that nowhere in its terms does the statute purport to foreclose injured persons the right to a common-law cause of action against the municipality.—*Placed on File.*

It is expressly understood and agreed that the only activity which Tenant may conduct on or from the demised premises, directly or indirectly, alone or through others, is only as authorized under the terms of this agreement.

This Agreement does not constitute either party the agent or representative of the other for any reason whatsoever.

Landlord covenants that Tenant shall and may peaceably and quietly have, hold and enjoy the premises or space leased exclusively to it during the term of letting thereof unless such term shall cease, close or expire sooner or shall be terminated as provided in this instrument.

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or

affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or Du Page Counties, Illinois, or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this Agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this Agreement.

Article XVI

In any of the following events Landlord, at any time hereafter, shall have the right at Landlord's election immediately to terminate this Agreement.

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereafter, or in the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a Receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within 90 days thereafter.

Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement, Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

Landlord may, if it so elects, pursue any other remedies provided by law for the breach of this Agreement or any of its terms, covenants, conditions or stipulations. No right or remedy herein conferred upon or reserved to Landlord or Tenant is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given hereunder, or now or hereafter existing at law or at equity or by statute.

The acceptance of rent by Landlord, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the demised premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Article XVIII

Upon termination of this Agreement by lapse of time or otherwise as herein provided, Tenant agrees to surrender the demised premises and the Building and improvements situated thereon in good condition and repair without the receipt of any demand for rent, notice to quit or demand for possession whatsoever.

Tenant shall be entitled during the term of this Agreement and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Agreement, subject, however, to any valid lien Landlord may have thereon for unpaid rentals or other amounts payable by Tenant to Landlord, and provided that Tenant shall have repaired all damage resulting from said removal.

Tenant shall be deemed to have abandoned to Landlord any of said equipment or property of Tenant which it has failed to remove from said premises within the aforesaid fifteen (15) calendar days after the end of the period of this Agreement or effective date of termination thereof, unless Landlord shall grant in writing a further period for this purpose.

8. This grant is personal to the City and is not assignable or transferable, without the written consent of the Owner being first obtained.

9. This easement and all rights and privileges herein granted shall terminate on March 10, 1969.

The following is said substitute proposed resolution transmitted with the foregoing committee report:

Whereas, The bitter fighting between the citizens of Vietnam was brought to an end through the Geneva Accord of 1954 and the United States, although not a signatory of the Accord, issued its own pledge to respect the provisions thereof and announced that it would view renewal of hostilities in Vietnam as a serious threat to international peace and security; and

Whereas, The Geneva Accord partitioned Vietnam into North and South Vietnam at the 17th Parallel pending a national election to be held in 1956 for the purpose of reuniting said segments into one nation and thereby achieve peace in that war-torn land; and

Whereas, North and South Vietnam, in disregard of said Geneva Accord, renewed hostilities; and

Whereas, South Vietnam sought economic and military assistance to meet the escalation of economic and military attacks visited upon it by the forces of Communism emanating from North Vietnam and other parts of the World; and

Whereas, The United States Government has traditionally opposed the forces of evil and oppression which seek to deny the self-determination of free people in every part of the World and for this purpose has committed necessary economic and military resources requested by the government of South Vietnam to stem the tide of aggression; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago hereby express their support of the policies of the United States Government in opposing aggression and in sustaining the right of people everywhere in the World to be and remain free and independent and hereby express to the President of the United States their support in the implementation of said policy and urge him also to seek a just, honorable and peaceful resolution of the conflict in Vietnam; and

Be It Further Resolved, That a copy of this resolution be presented to the President of the United States as a memorial of the support for said policv in Vietnam and the patriotic men and women of our Armed Forces, by the Mayor and members of the City Council of the City of Chicago.

Be It Resolved, That the City Council of the City of Chicago is hereby requested to initiate a thorough study of all recommendations from organizations not representing the Lawndale Community and, further, that the City Council reject all such suggestions and recommendations which would in its considered judgment react against the best interests of the citizens of Lawndale; accept and implement the recommendations of the Lawndale Community Conservation Council, the Hazzard Parks Committee; and appoint and/or designate City Planners to work with the duly constituted Planning Council of Lawndale, the said Lawndale Community Conservation Council, to develop and/or devise a cooperative and positive plan for the renewal, rehabilitation and conservation of Lawndale in compliance with the Comprehensive Plan for the City of Chicago; and

Be It Further Resolved, That all such programs as may be developed through the cooperative efforts of City Planners and the Lawndale Community Conservation Council be implemented with all due haste and vigor, to the end that, despite past inaction in the community, Lawndale may catch up with, if not indeed surpass, other communities throughout the City in the area of urban and human renewal.

Court Decisions.

City of Chicago, Plaintiff-Appellee, v. Lowell J. Myers, Defendant Appellant, Supreme Court of Illinois No. 40236. The Illinois Supreme Court on June 21, 1967 rendered an opinion reversing the judgment of the Illinois Appellate Court, First District, in the above entitled cause and holding that the jurisdiction of an appellate court attached upon the filing of a notice of appeal and thereafter, with the exception of certain instances, the trial court is without jurisdiction. This cause arose from the prosecution of a traffic violation; the defendant was found guilty and filed a notice of appeal on February 10, 1966; on February 24, 1966 the trial court granted a petition to vacate the judgment entered on February 10. The Illinois Supreme Court held that the trial court was without jurisdiction to enter such an order.

Richard J. Daley, Mayor and Local Liquor Control Commissioner of the City of Chicago, Plaintiff-Appellant, v. Leo Casale, Licensee, License Appeal Commission of the City of Chicago, A. L. Cronin, Chairman, Defendants-Appellees. Appeal from the Circuit Court of Cook County, Illinois, *Illinois Appellate Court No. 51340.* The Illinois Appelate Court on June 15, 1967 filed an opinion in the above entitled cause affirming the judgment of the Circuit Court of Cook County. The Circuit Court had found that the order of the License Appeal Commission of the City of Chicago was not against the manifest weight of the evidence and therefor affirmed the order; the order of the Commission reversed the determination of the Mayor of the City of Chicago, acting in his capacity as Local Liquor Control Commissioner of the City, revoking the defendant, Leo Casale's local liquor license. The Appellate Court based its determination solely on the sufficiency of the evidence adduced at the revocation hearing had before the Mayor. In reviewing the evidence the Appellate Court determined that the Mayor's order of revocation was not supported by substantial evidence. The opinion of the Appellate Court specifically sets forth wherein the evidence fails to support the Mayor's order of revocation; the opinion cannot be considered in any way affecting the well established power of the Mayor of the City of Chicago to effectively regulate and police the business of selling alcoholic beverages by regulating local liquor licenses issued within the municipal limits.

A SOCIAL SERVICES CENTER.

This Agreement, entered into as of the ..... day of ....., 1967, between the City of Chicago, a Municipal Corporation of the State of Illinois (hereinafter referred to as "City"), and the University of Chicago, an Illinois not-for-profit corporation (hereinafter referred to as the "University"),

Whereas, Section 703 of the Housing and Urban Development Act of 1965 authorizes a program of Federal grants to assist in financing the development cost of neighborhood facilities for accommodating programs of community service. Under this program any local public body or agency which possesses authority under State or local law may apply to the U. S. Department of Housing and Urban Development (hereinafter referred to as "H.U.D.") for a grant. A nonprofit organization may contract with the grant applicant to own or operate such facility provided that it has the legal, financial and technical capacity to carry out the project; and

Whereas, pursuant to an ordinance duly passed by the City Council of the City of Chicago on the 19th day of April, 1966, the City, in accordance with the above referenced federal act, on September 29, 1966, filed a "Part I" application to H.U.D. for a Neighborhood Facilities Grant, for funds to assist in financing the construction of a Social Services Center to serve the Woodlawn Community. The location of said Social Service Center is within the boundaries of a slum and blighted area known as 60th and Cottage and said area was so designated by the City Council of the City of Chicago on the 16th day of November, 1964. On January 11, 1967 H.U.D. approved a grant reservation of $1,291,393 (two-thirds of the estimated total development cost of $1,937,090) for said project. H.U.D. requires that the City submit a "Part II" application for such grant, including Design Development drawings relating to the construction project, on or before July 18, 1967; and

Whereas, the University is an institution of higher learning located immediately adjacent to Woodlawn. Its School of Social Service Administration (hereinafter called the "School") conducts a program of education in social welfare services and administration. The University, with the participation of the School, has the legal, financial and technical capacity to carry out the development, construction, operation and management of the Social Services Center. The Center will be located on the Northeast Corner of Sixty-first Street and Ingleside Avenue in Chicago convenient to the Woodlawn Area and the School. As planned, and in keeping with the requirements of the federal Neighborhood Facilities program, leading public and nonprofit private social welfare and community service agencies which serve the Woodlawn Community will be located in the Center. The School, as part of its educational program, will provide graduate students to help the agencies to carry out their programs. The School will assist the agencies to achieve closer coordination of their work and to increase the coverage of social welfare services for the Community; and

Whereas, on May 12, 1967, the U.S. Department of Health, Education and Welfare (hereinafter called "H.E.W.") awarded the University a Child Welfare Research and Demonstration Grant under which a total of $2,097,166 in funds is to be received over a five year period to help finance the University's activities in the establishment and operation of the Center; and

Whereas, the University is the owner in fee simple of the parcel of land upon which the Center is to be constructed and there will be no charge for the use of said land for the purposes of construction of the improvement in accordance with the terms as hereinafter set forth. An architectural firm, Hausner & Macsai, Inc., was retained by the University to prepare Design Development drawings and furnish other architect-engineer services required for the construction of the Social Services Center Building. The University shall immediately, after receipt of a notice by the City of Chicago that the grant from H.U.D. has been authorized, commence to construct the Social Services Center Building. Written approval of the construction plans and specifications shall be secured from the City prior to the commencement of construction. The construction shall be in accordance with the approved plans and specifications and the City shall have the right to inspect the site during the said construction; and

Whereas, upon completion of the said building the University will occupy it and make it available to city, county, state and nonprofit agencies, and to its own staff, in accordance with the purposes set forth in the H.E.W. and H.U.D. grants; and

Whereas, the City has determined that the University is well-qualified to contract for construction of the building and to operate the building for the purposes set forth in the Part I application for the H.U.D. grant, and the University is ready and able to accept these responsibilities provided that the City will contribute the H.U.D. grant in the amount of 2/3 of the estimated development cost as hereinabove set forth for the construction of the said building; and

Whereas, the University will furnish all necessary funds to complete and equip the Social Services Center Building to the extent that the cost exceed the H.U.D. grant.

Now, Therefore, in consideration of the foregoing and the mutual covenants and promises of the parties hereto as hereinafter set forth, it is agreed as follows:

1. That this contract is contingent upon the awarding of a grant by H.U.D. for the proposed project in the amount indicated in Paragraph 2 of the "Whereas clause" and in the event the said grant is not authorized by H.U.D. this contract shall become null and void.

2. The City engages the University to perform, or to have performed by others under its supervision, the design and construction of the Social Services Center (called the "Facility"), a 3 story and partial basement unit having a gross floor area of approximately 60,000 square feet, to be located at the northeast corner of Sixty-first Street and Ingleside Avenue, in Chicago, Illinois.

3. The University agrees to make available for the said construction certain vacant land owned by it at the Northeast Corner of 61st and Ingleside, legally described as follows:

An area located at the Northeast Corner of S. Ingleside Avenue and East 61st Street, starting at the corner, thence North 247 feet, thence East 170.605 feet, thence South 122 feet, thence East 65.565 feet, thence South 125 feet and thence West 256.170 feet to the point of origin, encompassing all or parts of Lots 13, 14, 15, 16, 17, 18, 19, 20 and 21 in Clark, Martin and Layton's subdivision of the South half of the North half of the Southwest quarter of Section 14, Township 38 North, Range 14 East of the Third Principal Meridian, in Cook County, Illinois, and a portion of the alley between South Ingleside Avenue and South Ellis Avenue, vacated by ordinance passed June 11, 1917, recorded July 2, 1917 as document 6144706.

4. The University, during the twenty year pe-

riod of the operation of the said Facility, shall remain the owner in fee simple title of the land and the facility thereon.

5. The University will cause the design and construction of the Facility to be completed in accordance with Design Development drawings prepared by Hausner & Macsai, Inc., Architects, which will be made a part of the Part II submission for the project to H.U.D., prior to the start of construction. The final plans and specifications shall be subject to approval by the City and H.U.D. The university shall solicit bids and award the contract in accordance with the standards and requirements for such projects established by H.U.D. During the period of construction the University and its architects will assure proper supervision, but the University shall permit the City to inspect the project at all reasonable times, and shall furnish periodic progress reports and other required information to the City and H.U.D.

6. The City will submit the Part II application for the grant to H.U.D. by July 18, 1967, utilizing required information and documents to be furnished by the University. When the grant is obtained arrangements will be made for reimbursement of the federal share of eligible costs incurred as of that date. Thereafter, the University will receive the federal share of the project cost through reimbursement of costs on a progress payment basis upon submission of invoices when approximately twenty-five per cent (25%), fifty per cent (50%), seventy-five per cent (75%) and one hundred per cent (100%) of the costs have been incurred. The final ten per cent (10%) of the federal grant will be withheld until final certification of the costs has been secured.

7. In no event shall the City be required to furnish any money for the construction of the said Facility other than the funds received from the proposed H.U.D. grant.

8. The University will raise or supply the matching funds required as a condition to receiving the H.U.D. grant, in the aggregate amount of $645,697 from non-Federal sources. In the event that total project costs will exceed the $1,937,090 currently estimated, the University will furnish or obtain the additional sums required. It is agreed, however, that every effort will be made to keep within the original estimate, and that the University may make revisions in design features and project scope if needed to conform costs to the original budget, providing said changes are approved by H.U.D. and the City.

9. Upon completion of the Facility the University will devote the Facility to the uses and purposes set forth in the Part I application to H.U.D., for a period of not less than twenty years. The University shall not devote the Facility to any other use for the said period unless the City and H.U.D. grants prior written approval for the said change in use. In the event the University devotes the Facility to a use other than the uses and purposes set forth in Part I of the application to H.U.D. during the said twenty year period without the approval of the City and H.U.D., the University shall indemnify and hold harmless the City from any and all liability which the City might incur as a result of the said discontinued use in accordance with the H.U.D. grant, including but not limited to H.U.D. and the U.S. Government.

10. Within the program areas designated in the Part I application, the University shall select the public and private agencies that will provide programs in the Facility, and shall determine the types of programs to be accommodated therein by such agencies and by its own personnel. The University will obtain the prior approval of the City and H.U.D. before making provision in the Facility for agencies, or particular activities of agencies, that are not provided for in the list of program areas in the Part I application. The University will enter into an agreement with each agency to be accommodated in the Facility. The terms of such agreements generally will provide that the agencies will conduct specific programs in the general welfare field, available to the general public on a nondiscriminatory basis, within the scope of activities as specified in the Part I application, that they will agree to bear the costs of programs and personnel employed by them, and that they will reimburse the University an equitable portion of the operating costs for their use of the Facility, including heat, light, janitor service, insurance, plant protection, building maintenance and other services. The University will pay for all personnel employed by it in conjunction with such programs. The University will endeavor to assure that all programs carried on in the Facility will be conducted in accordance with Title VI of the Civil Rights Act of 1964, and H.U.D. regulations effectuating same. Prior to the execution of an agreement with any agency not specifically delineated in the application to H.U.D., such agreement shall be submitted to the City 10 days prior to execution thereof for the City's review and concurrence that said agreement is proper and in accordance with the H.U.D. grant for the proposed activities to be conducted in the Center.

11. In performing this contract and contracting for the construction work, the University shall abide by and require its contractors to abide by the requirements of Federal Laws and Regulations as propounded by H.U.D. regarding federally-supported construction projects, including Federal Equal Employment Opportunity and Federal Labor Standards regulations, as set forth by H.U.D. in Letter No. NF-1, January 6, 1966 and in other applicable documents.

12. The University warrants that no person or selling agency or other organization has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warrant, H.U.D. shall have the right to cause this contract to be annulled without liability, or, in its discretion, to deduct from the compensation, or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

13. The University shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the City thereto; provided, however, that claims for money due or to become due the University from the City under this contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the City.

14. No members of or delegates to the Congress of the United States of America, and no Resident Commissioner shall be admitted to any share or part hereof or to any benefit to arise herefrom.

15. The City's representative under this contract for the purposes of notices, approvals and the furnishing of information shall be the Commissioner of the Department of Development and

Planning, or his successor. The University's representative for the purpose of notices, approvals and the furnishing of information shall be Vice President for Business and Finance, or his successor.

In Witness Whereof, the parties hereto have set their hands and seals by their respective duly constituted and authorized officers the day and year first above written.

WHEREAS, There has been filed with and there is before the City Council of the City of Chicago for consideration a certified copy of a Resolution adopted on June 28, 1967 by the Board of Education of the City of Chicago, being a School District in the City of Chicago, Cook County, Illinois, pusuant to authority of Senate Bill Number 1010 enacted by the 75th General Assembly of the State of Illinois, approved May 16, 1967, and which Resolution reads as follows:

For the purpose of better enforcing the foregoing rights, City is prohibited from commencing the construction of the incinerator plant on Parcel No. 1 until the plans and specifications therefor have been made to comply with this condition. Plans and specifications shall be deemed to comply with this condition when such plans and specifications, architectural and layouts, are approved in writing by the Chief Engineer of Railroad or when Railroad shall fail to notify City in writing of Railroad's objection to such plans and specifications within thirty (30) days after same shall have been received by Railroad. Said approval shall not be unreasonably withheld.

9. Railroad shall have the right to have City operate the incinerator plant in accordance with all of City's own ordinances, general requirements, and general regulations.

10. City will construct a water supply line from W. Not less than thirty (30) days prior to the commencement of such construction, City shall notify Railroad of its intention to commence such construction, setting forth the dimensions, capacity, approximate location and estimated cost of the water supply line. Railroad shall then have thirty (30) days following the receipt of such notice in which to notify City of its election to have City construct a larger water supply line than the one proposed to be erected by City; and in such event City shall construct such larger supply line designated by Railroad, and Railroad shall pay City the difference between the cost of the material of the water supply line originally proposed by City and the cost of the material of the water supply line selected by Railroad. In the event of the construction of such larger water supply line and payment as provided in Section 10, City at the expense of Railroad shall construct and maintain extension or extensions from larger water supply line to property line of Railroad at designated location or locations for the economical supply of water for and to the remainder of the tract of land owned by Railroad.

11. The sale of Parcel No. 1 hereunder does not include any railroad tracks and appurtenances, all of which may be removed by Railroad within sixty (60) days (weather permitting) after written demand by City, except, however, that Railroad shall have the right to continue its operations over and upon the existing track in said "Easement" as shown on Exhibit "A" until such track is abandoned. City shall not place or permit to be placed any equipment, material, structure, pole, or other obstruction, or any excavation within 9.5 feet laterally of the center or within 22 feet vertically from the top of the rail of said track in the southwest corner.

12. City further agrees to grant easements to Railroad over and across Parcel 1 and Parcel 2 for Railroad's power and communication lines at agreed upon locations which will not interfere with City's incinerator plant operation.

13. Railroad, its successors and assigns, shall be entitled to specific performance of City's agreements contained herein. Time is of the essence of this agreement.

14. The agreements herein contained in Sections 2 through 12, both inclusive, are made for the use, benefit, and enjoyment of the remaining tract of land by Railroad and such other parties as may acquire title thereto or an interest therein. These agreements shall survive the delivery of the deed. They shall be covenants running with the land and shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

In Witness Whereof, as of the date first hereinabove written, the parties hereto have caused these presents to be executed in duplicate by their duly authorized officers and to be duly attested and their corporate seal to be hereunto affixed.

Greetings and Best Wishes Extended Barbara Lang (Nedlo) on Successful Career in Theatrical World.

A proposed resolution reading as follows:

Whereas, Barbara Lang (Nedlo), a native Chicagoan and a resident of the 12th Ward, whose parents Mr. and Mrs. John Nedlo still reside in the 12th Ward of the City of Chicago, will return home to Chicago co-starring with Howard Keel in the national touring production of the 1966 Broadway musical "On a Clear Day You Can See Forever" opening at the Shubert Theater on Monday evening, August 7, 1967. Miss Lang playing the female lead role of "Daisey Gamble" opposite Howard Keel in this Zev Bufman production, has been stopping the show nightly with her singing and acting antics in Toronto, Baltimore, Washington, D.C. and Detroit. Reviews in these cities have been estatic in hailing this attractive young veteran of the Broadway stage as one of the brightest of triple-threat stars to emerge upon the legitimate stage in a musical comedy; and

Whereas, Among Miss Lang's credits have been her performance in the Broadway smash musicals "The Apple Tree" and "Do Re Mi". She has understudied such stars as Inger Swenson and Lee Remick in the Broadway productions of "Baker Street" and "Anyone Can Whistle". In addition, she has had lead roles in the successful off-Broadway musicals "Anything Goes" and "The Mad Show". She has also sung on the Ed Sullivan and Gary Moore shows; and

Whereas, Miss Lang is a former scholarship student at the Chicago Academy of Fine Arts and attended Mundelein College before embarking upon her stage career in New York. She was launched into show business here in Chicgao after capturing an award in the Chicago Harvest Moon Festival competition; therefore,

Be It Resolved, That the members of the City Council in meeting assembled this 7th day of July, 1967, do hereby extend heartiest greetings to Bar-Bara Lang (Nedlo) with the wish that she will have many years of happiness in her career.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

July 21, 1967.

To the Honorable, The City Council of the City of Chicago:

GENTLEMEN—Transmitted herewith is a proposed amendment to an agreement between the City of Chicago and the American Oil Company, passed by the City Council on December 19, 1966 (C.J.P. pages 8239-8248).

This amendment establishes rental on a percentage of the tank wagon price for gasoline and the wholesale price for oil, rather than a percentage based on retail prices.

A review by the Department of Streets and Sanitation indicates that the City will net the same

amount of revenue and the revision will allow more efficient control of the provisions of this agreement.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

GENTLEMEN—Transmitted herewith are ordinances containing parking facility operator agreements for each of the nine (9) downtown and near north side facilities.

These agreements embody proposed rate increases, substantially as recommended by DeLeuw Cather and Company, the independent engineers for the City's parking program, the Operators of these facilities and the Department of Streets and Sanitation.

The rate increases embodied in these agreements are the result of studies made during the past year.

1. Annual maintenance and repairs costs have increased.

2. Cost of labor to operate these facilities has increased.

Your favorable consideration of these ordinances is requested.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.
